26th January, Republic Day Yuva Meet

More than 45 volunteers gathered at the Chowpatty Project to participate in the YUVA meet.

The idea of this meet was to come together and perform some random acts of kindness.

The volunteers along with some people on the beach ran a clean up drive. They collected all the ploythene bags and other trash on the beach and dumped all of it in the bin there. This was a good team building activity.

Later, we sang the National Anthem with a crowd of 183 people on the beach. and then the Yuva Anthem
