Amitabh speaks:

This is our time. The random acts of kindness stories, the smiles, the love and the energy that each and every one of you radiate is captivating. Our main focus is to make people kinder everywhere. The fragrance remains in the hand that gives the rose. We are growing at lightening speed. Along with getting more volunteers we need to have a bi-weekly meeting for all where they can share their experiences, make new friends and get motivated to make our movement stronger. Rock On!

Butt kicker of the month

WE DISCOVER OURSELVES IN PROCESS OF HELPING OTHERS REDISCOVER THEMSELVES.

We don't accomplish anything in this world alone ... and whatever happens is the result of the whole tapestry of one's life and all the weavings of individual threads from one to another that creates something. So we are here to bring the change we want to see ... We make each child believe in their dreams and be the pillars of strength for them to achieve their dreams...

We believe in Teamwork, so we along with the kids are a TEAM, working towards progress. Our aim is to stir up their creativity which is subdued by their surroundings .With our methods of teaching; our team at vallabh vidhyanagar provides them that golden opportunity to rediscover their inner potentials to improve their self esteem...

Well, we all are putting efforts and making a difference in every city for children. We handle issues like child labour, child trafficking, physically and mentally challenged kids, education, hygiene and over all personality development of kids. We ensure that we come up with new projects and events very often to keep that spirit alive.

Volunteers FORUM

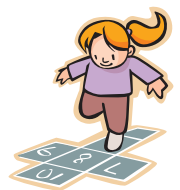

One good thought and the desire to stick to what I thought changed my life in an optimistic way. The difference between what we do and what we are capable of doing would suffice to solve most of the world's problems. Being a part of Yuva family enhanced not only my will to do something for mankind but also taught me to lead my life full of worth.

I have wished to know why the stars shine. Love and knowledge led upwards to the heavens, but always pity brought me back to earth; Cries of pain reverberated in my heart Of children in famine, of victims tortured; and of old people left helpless.

This truly changed my life....in fact, life now seems more meaningful and full of charm. I learnt to give not as a duty but as a privilege. YUVA is a platform that carved the dreams of kids, elders, mankind in need. And moreover carved my life to a very special level...!

PROUD TO BE A PART OF YUVA UNSTOPPABLE FAMILY...

AHMEDABAD CHAPTER

Project of the Month: Sanskardham

Sanskardham is an institute working for construction workers' kids. We glad to inform that we are able to provide helping hand at two of its site namely Shapath V and Indraprasth IV. Focus is on Basic Health, hygiene and education.

Events of the Month: Sanskardham

Health N Hygiene @ Shapath

'Action speaks louder than words'

On 7th Dec 08 a breezy Sunday morning, group of around 15 volunteers gathered at Shapath site to spread awareness about health n Hygiene. What a better way to explain them than actually showing them. We brushed their teeth, shaved their hairs, showered them and neatly combed their hairs. The smile on their parent's faces said it all. Their child was looking so cute and beautiful. It was truly very innovative experience. We heartily thanks 'By Heart' group for all their support and help.

21st Dec YuVA Children Fun Fiesta: A GRAND EVENT

'An initiative to bring Youth+NGO+Kids under one roof to spread the 'Smile' in a unique way.

Around 20 different NGOs from all over the Ahmedabad had put up their stalls displaying various creative items plus there were breathtaking performances by kids from these NGOs. Undoubtedly the show stopper was the 'Fashion Show' by SHWAS.

Enthusiasm is infectious. Seeing the kids performing on stage the audience too tuned to the mood. Some of these kids were up on the stage for the first time. Drawing competition, Puppet show and Peace space multiplied the zing at the event.

Social Service Cell @ HL College, GLS, Nirma

YuVA is a revolution, it's a movement, and it's an idea of change. We never believe in sticking at one point. We do not want boundary of limitations and that's why we want to spread our wings. That is how the idea of social service cell clicked. We have initiated idea successfully at Nirma University, GLS and H.L. College.

Social service cell provides platform in colleges. The committee will be comprised of students+Professor+YuVa Coordinator. We will provide the structure, system and the leadership level. Through this idea many students will be inspired to join our movement to contribute 2 hours a week.

Tie-ups with 10 Municipal Schools

Bingo!!!! More than 250 volunteers registered in YuVa-Ahmedabad in the month of December itself. Municipal schools have it all. Be it infrastructure, staff coordination and kids. But what is lacking is the environment for education. To begin with, YuVa Unstoppable has tied up with 10 municipal schools in different areas. And projects are going to commence full-fledge in the coming weeks.

Teach India Induction programs- 250 new volunteers

Bingo!!!! More than 250 volunteers registered in YuVa-Ahmedabad in the month of December itself.

'Teach India' is a household name now. Teach India is a social initiative from The Times of India that brings together children in need of education and people who can contribute a little time towards teaching them. It is based on one simple principle: If you have the desire to teach, we will put you in touch with children who are willing to learn. We tied-up with Teach India and had conducted various induction programs @ Seva Café.

VIDHYA NAGAR CHAPTER

We YuVa-ites of Vallabh Vidyanagar ensure that we come up with new projects and events very often to keep the spirit alive. One of the events was this Medical camp organized recently. The support of five doctors and the efforts of Rotary club and Inner wheel of this city make work fall at place. Moreover the dedication each volunteer showed is worth praising. This medical camp proved to be a remarkable success. 56 kids were treated and given medicines free of cost and moreover the doctor's special efforts to get 2 kids operated for their health issues. The surgeries of 2 kids are also going to be taken place down the line in few days.

"SUNDAY SCHOOL FOR STREET URCHINS"- Here kids from the slum areas and orphans come every Sunday and are educated by us.
